OXIDE

ONE COLOUR

THREE SIZES

ONE FINISH

Oxide is a glazed porcelain range that delivers an industrial look perfect for modern design schemes. The Bronze colour showcases the patina effect of rusted metal. With large format sizes ranging from 600x600mm up to 900x900mm and a PTV slip resistance rating of 36+, Oxide adds character and performance to any installation.

Wall: Bronze Natural 900x295x10.5mm - OXI01N
Floor: Bronze Natural 900x900x10.5mm - OXI01N

COLOURS AND PRODUCT CODES

V3: Moderate to High Shade Variation

BRONZE PEI: III LRV: 18

Product Code: N OX101N

SIZE FORMATS AND AVAILABILITY

Size Options and Packing Information

#	Size Format	Thickness	Finish	Availability	Class	Pcs / Box	M ² / Box	Kg / Box
01	900x900mm	10.5mm	Natural	All Colours Shown	Bla	1 Tile	0.81 m ²	20.32 kg
02	900x295mm	10.5mm	Natural	All Colours Shown	Bla	3 Tiles	0.80 m ²	20.20 kg
03	600x600mm	9.2mm	Natural	All Colours Shown	Bla	3 Tiles	1.08 m ²	17.85 kg

Note: Glazed Porcelain / Bla tiles. For more information please see the suitability advice given in the technical section. All sizes indicated are metric modular. All sizes shown are nominal. Sustainability Credentials

Range Name	Material / Class	EPD	Recycled Content - Tiles	Recycled Content - Packaging
Oxide	Glazed Porcelain / Bla	Yes	Up to 10%	Up to 100% (Boxes Only)

Note: Due to the manufacturing process of all floor tiles there may be small variations in slip resistance. Given this, please refer to our website for the most up-to-date information. The slip resistance properties of a surface can only be maintained with the implementation of an effective regular cleaning and maintenance regime. The frequency of cleaning should be determined by the property manager based on the potential level of surface contaminants. The need for an additional regular cleaning and maintenance regime is further heightened when tiles are used for external floor and wet barefoot applications. Please contact our technical helpline, or visit our website for specification and installation advice. All floor tiles shown in this literature achieve a PTV (96) Dry 36+ test result. PTV (96): Pendulum Test Value - 4S. PTV (55): Pendulum Test Value - TRL. R Value (DIN 51130). Wet Ramp (DIN 51097). PEI: Porcelain Enamel Institute. EPD: Environmental Product Declaration. CSV: Colour Shade Variation.

Important Information

During the manufacturing process of ceramic and porcelain tiles, some variation in shade and pattern can occur. Before fixing any tiles; several boxes should be opened and their contents mixed to ensure that size, colour and patterning are acceptable.

The tiles shown in this literature are quality products and conform to BS EN 14411 as shown in the physical properties listed above.

For a comprehensive colour, size, finish and availability overview along with full technical and sustainability information for all products shown, please visit our website - www.johnson-tiles.com

- All sizes listed are metric modular.
- For specific suitability details, please contact our technical advice helpline or use the email address provided.
- Johnson Tiles Limited cannot accept responsibility for any tiles that have already been fixed.
- Johnson Tiles Limited reserves the right to change specification and availability information without prior notice.
- Nothing in these statements does or will affect the statutory rights of the consumer.

All product technical values quoted in this literature are supported by laboratory testing from our own and independent ceramic test houses. Johnson Tiles Limited are British Standard registered. To find out more, please contact our technical advice helpline on +44 (0)1782 524 111 or email: technical@johnson-tiles.com.
